SPECIFICATION SHEET – 20L CUBE

MATERIALS USED

High-Density Poly-Ethylene material suitable for food packaging is used.

QUALITY CONTROL

Piber Plastics packaging is manufactured under HACCP certification to ensure that it is suitable for food application.

REGULATORY COMPLIANCE

This product is manufactured in compliance to the Australian Standard for Plastic Materials for Food Contact Use AS 2070 1999.

The ingredients used to manufacture this plastic product comply with relevant Global regulations to Plastic Food Containers and according to industry best practice including:

European Union (EU)

- Regulations 1035/2004/EC (Framework Regulation); 2023/2006/EC(GMP) and 10/2011/EU(PIM)

United States

- FDA requirements contained in the Code of Federal Regulations in 21 CFR 177 and FCNs.

Please note that compliance with these regulations should not be interpreted to guarantee that the product will in fact perform in a particular application. We can provide technical assistance to help you determine that the characteristics of the product are compatible with the desired conditions of use.
